

Wood Procurement Policy

Skeena Sawmills adheres to and promotes the following practices when purchasing wood:

1. Promote the practice of sustainable forestry and provide information about the SFI program to wood suppliers;
2. Encourage that wood suppliers employ qualified resource and logging professionals and make available a list of such professionals as appropriate;
3. Will not purchase wood from unknown sources;
4. Will not purchase wood from sources that are known to employ forest practices that are not consistent with the principles of sustainable forestry;
5. Will not purchase wood from illegally harvested and or controversial forests; and,
6. Will not purchase wood from outside North America that are identified as biodiversity hotspots.
